

CORPORATE PROFILE

ABUTECH™ is an international manufacturer of environmentally friendly GAS BURNERS and FLARING TECHNOLOGY. ABUTECH™ specializes in offering high efficiency, low emission, products to various industry segments and applications. Another key component to ABUTECH's success is our SERVICE TEAM. ABUTECH™ maintains a team of dedicated service professionals throughout North & South America to troubleshoot and startup any combustion application.

ABUTECH™ manufactures a complete range of Infrared Burners, LOW NOx Burners, Blue Flame Burners, and Industrial Burners to meet your heating and process needs. We specialize in offering customized solutions to fit your unique applications. Our burners are locally manufactured and utilize proven surface combustion principles to offer you distinct competitive advantages! Our range of applications include Food Ovens, Textile Ovens, Powder Coating Ovens, Die Heating, and many more...

ABUTECH™ manufactures a complete range of Enclosed Flares, Biogas Flares, Vapor Combustors, and Incinerators aimed at reducing emissions. These systems have been installed at over 100 facilities world-wide. Whether you are looking for LOW EMISSIONS to protect the environment or simply to efficiently burn your process gas streams, we have the product for you. Our range of applications include Landfill and Wastewater sites (Biogas), Chemical Plants, Refineries, Loading Unloading Stations, Tank Batteries, Oil & Gas, and many more...

Vision 3000 – Simply The Best!

We are committed to a three tier strategy, called Vision 3000, aimed at offering “Simply The Best” products, services, and customer support world-wide. Our innovative product line is an illustration of our commitment to R&D and product customization. Our international service team, located in Mexico and the US, is fully trained in startup and troubleshooting to ensure your job is handled properly and effectively. Most importantly, we pride ourselves on maintaining customer service as the foundation of our organization. We believe in offering thorough, prompt, friendly, and honest communication in all business dealings.
